

AGT 2500I INVERTER GENERATOR

Voltage:	230 V
Frequency:	50 Hz
Max. power:	2 kVA
Rated power:	1,8 kVA
Power factor:	1
Overall dimensions:	498x290x459 mm(L x l x h)
Weight:	22 kg

ENGINE

Type:	OHV, single cylinder, 4 strokes, air cooled
Model:	R 80i
Displacement:	79,7 cm ³
Fuel:	Unleaded gasoline
Fuel tank:	4 l
Autonomy:	4 h at rated power
Starting system:	Recoil

RATO

STANDARD EQUIPMENT

One single phase Schuko socket 16 A

USB 5V / 1A socket

USB 5V / 2,1 A socket

12V / 8.3 A DC socket

Digital multimeter with display for voltage, frequency, power and working hours

Overload protection

Oil level protection

ECO mode (fuel saving with small loads)

Parallel mode (for connecting two gensets)

Ground connector on socket panel

Combined knob fuel valve/ON/OFF/choke

OPTIONAL

Parallel connecting cable
